## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 9-16 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach nor suggest, the switching device in the claimed combination. A switching means for making or breaking a current path between two cables. The cables constructed of an electric conductor, an inner semiconductive layer surrounding the conductor, an electrically insulating solid cable body surrounding the inner layer, and an outer semiconductive layer surrounding the cable body. A field-controlling device surrounding the switching means and comprising at least one conductive or semiconductive field-controlling body connected to a first potential. An electrically insulating solid body surrounding the field-controlling means, a conductive or semiconductive shield surrounding the insulating solid body connected to a second potential. Two contact members movably arranged in relation to one another, where the first contact member is electrically connected to the conductor of the first cable and the second contact member is electrically connected to the conductor of the second cable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
